PROFESSIONAL SUMMARY

Dynamic and motivated fresher with a keen interest in software development and pursuing degree in Information Technology. Proficient in Web development and Java gained through coursework and hands-on projects. Demonstrated ability to analyze problems, devise innovative solutions, and collaborate effectively in team settings. Quick learner with a strong work ethic and a commitment to continuous improvement.

INTERNSHIP EXPERIENCE

FABSYS TECHNOLOGIES   **JULY 2024**
Intern
- Contributed to the development team in building and refining user interfaces for web applications
- Gained hands-on experience in team collaboration

PUMO TECHNOVATION   **APRIL 2024-JUNE 2024**
Web designer intern
- Maintained and updated website content to ensure accuracy and relevance
- Collaborated with design and development teams to create engaging, responsive web pages

PROJECT

Eviseek - Innovative Complaint Management System
Technologies: HTML, CSS, JavaScript, PHP, and SQL
Description: Collaborated on a team project to design and develop a complaint management system for efficient grievance handling across various departments. Contributed to the development of a user-friendly interface, database integration, and data visualization features using PHP and SQL.
Accomplishments:
- Gained hands-on experience with front-end development using HTML, CSS, and JavaScript.
- Successfully implemented server-side logic and database management using PHP and SQL.
- Enhanced problem-solving skills and team collaboration through contributions to the comprehensive system
